Poinsettias are synonymous with Christmas and are a sure sign that the holiday season has begun. Displayed alone or in groups, they add a festive splash of color to any holiday décor. Although red is the most popular color, we also offer winter white and a beautiful marble combination of both colors. Locally grown at Homestead Gardens in Maryland and delivered fresh.

Double-Faced Balsam Wreaths

have bunches of balsam built around both sides of the wreath ring. This makes the wreaths much fuller and much more desirable. Their fullness and fragrance surpass that of single faced wreaths typically sold by chain stores. They can be purchased plain to be decorated by the customer.
